Here is some basic information about health coverage offered by this employer:

1. As your employer, we offer a health plan to employees who meet the eligibility requirements.

   For Plan Year 2019 through June 30, 2020, eligible employees are:

   - Full-time staff and faculty, limited service staff, and staff covered by collective bargaining agreements who works 35-40 hours per week for 9 or 10 months of the fiscal year.
   - Part-time staff member is defined as a person who works between 910 and 1456 hours a year (17.5 - 28 hours per week).
   - Employees who worked an average of 30 or more hours per week during their measurement period

With respect to dependents:

   We do offer coverage for dependents of eligible employees that are:

   - Your spouse
   - Your biological and adopted children, and stepchildren, up to the end of the month in which they turn 26. Your spouse’s/partner’s biological and adopted children are eligible if they meet the age and dependent criteria.
   - Your children age 26 or older who are incapable of self-support due to a mental or physical condition that existed prior to age 26 and who were enrolled in your medical plan as dependents prior to age 26.

   Yes, this coverage meets the AMEC (minimum value standard) and the cost of this coverage to you is intended to be affordable, based on employee wages.

Please note: Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a
premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, www.healthcare.gov will guide you through the process. Here’s the employer information you will enter when you visit healthcare.gov to find out if you are eligible for a tax credit to lower your monthly premiums.

Completing this section is optional for employers, but will help ensure employees understand their coverage choices. The following items are intentionally left blank. Your employer will complete these items on a personalized basis for you upon your request. To request a personalized copy, please contact the employer at the number listed on page 1.
