FOREIGN VISITING SCHOLAR COVERAGE WORKSHEET  
Appointment Period July 1, 2017 – June 30, 2018

This worksheet cannot be used to make health coverage elections – it is an internal worksheet for departmental Business Administrators (BAs) only. The University requires that all Foreign Visiting Scholars be provided with Employee Only health insurance, the entire cost of which is funded by the sponsoring activity or department. You may also elect coverage for your dependents which, if your department or a private sponsor does not cover the additional cost, must be paid through payroll deduction from your stipend. You may waive medical coverage if you already have health insurance from another source and provide proof of insurance.

Federally sponsored activities will fund only Employee Only coverage (Category A). You may elect coverage for your dependents, and if your department elects to pay the additional premium, the additional cost of coverage for dependents must be supported by a non-federal source of funds (Category B). If the grant or department will only pay Employee Only coverage and you elect coverage for your dependents, the additional premium can be deducted from your stipend (Category C). Some private sponsors will allow funding of health coverage for dependents (Category D).

**When the Grant or Department pays the Dependent Coverage, the BA must immediately contact Eric Geiger by email at ergeiger@upenn.edu.

I understand that this worksheet does not constitute a valid health coverage election, and that I must make my elections via the benefits enrollment website at http://www.pennbenefits.upenn.edu or the Penn Benefits Center at 1-888-PENNBEN (1-888-736-6236). I further understand that I cannot change my health coverage election during the plan year (7/1/17 – 6/30/18) unless I experience a qualifying life event change in family status (as defined by the University of Pennsylvania Summary Plan Description) and request a change within 30 days of the qualifying event. Family members entering the country must be on a job “J” or “H” visa to be eligible for family coverage. Family members on a “B1” or “B2” visa are on a visitor’s visa and are ineligible for coverage.
