Determining Worker Classification
Hiring Freeze

- As of April 13, 2020, there is a University-wide hiring freeze for all new and replacement positions, except for grant-funded positions, through June 30, 2021. No hires should be made unless they have been approved through the exception process.
  - This process includes individual service providers
    - Independent Contractors and Limited Engagements

Exclusions and Limits

- Independent contractors being engaged for $5,000 or less are exempt from the hiring freeze
  - $5,000 or less for total engagement
  - Engagements greater than $5,000 require a hiring freeze exemption approval
- Limited Engagements being paid $1,000 or less are exempt from the hiring freeze
  - Engagements greater than $1,000, cumulatively, require a hiring freeze exemption approval
Honoraria

- **Definition** (excerpted from IRS regulations)
  - Gratuitous payment (or other thing of value) to person for participation in usual academic activity for which no fee is legally required
  - Token of appreciation – not a contractual obligation for services rendered
  - Travel expenses are reimbursed through GTR worksheet. Individuals must follow Penn’s travel reimbursement policy

- **Exclusions and Limits**
  - Made to individuals only, not a business, corporation, or partnership
    - Not negotiated or contracted
  - Payments of honoraria to University staff, faculty, or students prohibited

- **Marketplace Update**
  - Honoraria payment requests to University staff, faculty, students, or business entities will be rejected
**Honoraria – Determination**

**Determination of Honorarium Payments**
- Is the individual a business, corporation or partnership?
- Was the payment amount negotiated between the University and the individual?
- Is there a contractual agreement?
- Are the individual’s services recurring?
- Is the individual faculty, staff, or student?
- Did the individual set the price?

*If the answer is "yes" to any of the above questions, the payment does not qualify as an honorarium.*
Honoraria – Federal Taxes

**Federal**

- An honorarium is taxable income that is reported to the IRS on Form 1099 if the sum of annual payment(s) to the vendor is $600 for a calendar year. However, expenses reimbursed to an honorarium recipient are not considered taxable income.

- All payments require a social security number.
  - As a general rule, payments made to non-resident aliens (NRA) through A/P for honorarium are subject to a 30% withholding unless the tax rate is reduced or eliminated by the presence of a tax treaty.

- Further discussion required to address payments expensed to 1520 that need to be captured for 1099 reporting.
Honoraria – PA State Taxes

- **State**
  - When a speaker travels out of state and earns a speaker's fee, it can create an additional level of complexity for taxation purposes. Many states consider a speech or other performance given within their borders to represent a "nexus" in the state that entitles them to claim taxes against the income the speaker earns.
  - For example, Pennsylvania requires tax be withheld at a rate of 3.07% on payments to non-Pennsylvania residents performing services in Pennsylvania.
  - Tax treaties for NRAs do not apply to state and local taxes.
Limited Engagement

- Penn created category of service - subset of Independent Contractors. Waives completion of independent contractor classification forms.

- A Limited Engagement Fee is a payment to an individual (non-employee, non-student) for providing a service of an academic nature, short duration:
  - This is intended for guest speakers, guest lecturers, artists, performers, writers/editors, board members, critics, preceptors, and mentors.
  - Service provided by an individual of a low dollar amount ($1,000 or less per transaction; $5,000 per calendar year max). This is not to pay individuals on an hourly basis.

- Limited Engagement Agreement Form
  - Send to Purchasing for review and signature *prior* to performance of services.
  - Signed Limited Engagement agreement, invoice, and tax forms uploaded into Penn Marketplace as a Non-PO Payment Request.

- Travel expenses associated with this engagement should be included on invoice. Travel expenses should be added to the service fee and total invoice amount will be reportable on the 1099-Misc.

University of Pennsylvania Service Provider Questionnaire

The information on this form is used to determine whether an individual providing services is an independent contractor under IRS guidelines. This form must be completed and signed by the individual performing the services, and reviewed and signed by the individual responsible for contracting for the services, prior to the rendering of any services. No payment for any services will be made otherwise.

Scope of Work:

Please provide a brief description of the services that will be provided.
SERVICE PROVIDER EVALUATION WORKSHEET

- This worksheet must be completed by the individual needing a service provider in concert with the applicable HR personnel PRIOR to hiring or processing through Purchasing.
- Do NOT submit this worksheet to the service provider.
- Do NOT complete this worksheet until after the service provider has returned a completed Service Provider Questionnaire. Provide a copy of the Service Provider Questionnaire to the Human Resource Personnel reviewing this form.
- Attach a brief description of services in your own words.
- Included in this worksheet is guidance provided by the IRS and DOL to help with the determination and classification as employee vs. independent contractor, which is designed to assist you in evaluating the relationship between the service provider and the University of Pennsylvania.
- If the service provider you wish to hire or contract with is a current University Employee, he or she must be paid as an employee and not as an independent contractor.
- An independent contractor will not be reimbursed for travel expenses via the CONCUR system. These fees must be included as part of the service provider’s invoice to the University, if allowed by the terms of the engagement. Any payment of such fees by the University will be included in the total earnings reported at calendar year-end.
